PROFILE

I am a passionate and dedicated BCA student with a strong interest in computer networking. I have a keen understanding of network configuration, troubleshooting. My curiosity drives me to explore new technologies and stay updated with the latest networking trends. I am eager to apply my knowledge in real-world scenarios, solve complex networking challenges, and enhance my skills in a professional IT environment. I am looking for opportunities that allow me to contribute, learn, and grow.

INTERNSHIPS

Software Development Intern   MAY 2025 - JULY 2025

SKILLBIT TECHNOLOGIES - Remote

- Worked on projects including a personal portfolio website and a task management scheduler, developing secure, scalable components using Python (FastAPI), SQLite, HTML, CSS, Tailwind, and JavaScript.
- Designed and styled responsive interfaces, integrating interactive mini applications such as a tic-tac-toe game with an AI opponent, a typing speed tester, an authentication portal, and a quiz system with real-time scoring.
- Implemented backend features for task scheduling and notifications, managed data storage in SQLite databases, and ensured smooth data flow between the frontend and backend.
- Collaborated with mentors, troubleshot code issues, and applied best practices in debugging, performance optimization, and user-friendly design.

PROJECTS

Garuda - Help Me Say No To Phishing

SEP 2025

- **Description:** Say NoToPhishing is an intelligent web-based security platform that detects and prevents phishing attacks. It provides real-time analysis of URLs, emails, messages, and screenshots using advanced OCR technology with an AI chatbot assistant.
- **Technologies Used:** Next.js, React, Node.js, Express.js, Tailwind CSS, Tesseract.js, Hugging Face Transformers
- **Achievement:** Secured 28th rank out of 125+ teams in North Karnataka's biggest hackathon event.

Personal Portfolio Website with Interactive Mini-Applications

JAN 2025

- **Description:** A comprehensive full-stack web portfolio featuring multiple interactive mini-applications including a Knowledge Quiz system with real-time scoring, Typing Speed Tester with WPM/accuracy calculation, Tic-Tac-Toe game with AI opponents, and a secure authentication portal.
- **Technologies Used:** Python Flask, HTML, CSS, Javascript
- **Achievement:** Secured 28th rank out of 125+ teams in North Karnataka's biggest hackathon event.
